

Blimp Transport Bureau Ops

3 Airship Way

Aerostream

85-25467

United States of America

Dear Colleagues,

Due to an influx of tickets pertaining to BTB™ Deliveri™ series blimps, we have issued a circular to clear up common queries.

TAKE OFF TEMPERATURE: 85-140C (SUBJECT TO CARGO LOAD AND CLIMATE CONDITIONS)

MEAN TIME PER FUEL CANSITER: 60 SECONDS.

Additionally, the burn, temperature release, throttle, and steering controls are all located inside of the cabin.

BTB™ remains committed to mitigating any negative environmental consequences of its delivery process.

Signed,

A handwritten signature in black ink that reads 'Farah'.
